

Energy Efficiency Class	Energy Efficiency Class	Width	Cooling System Type	Colour
D	A+++	59.5 cm	NeoFrost	Prepainted Dark Inox

- HarvestFresh: Inspirisan prirodom, pokrenut svetlošću
- ProSmart Inverter Compressor: high efficiency, high durability, low noise
- CoolRoom: meat, fish & dairy fresher for longer
- Led Illumination: clear view of the inside
- Reversible Door: adjustable door direction
- Safety Glass: high-durability glass shelves that carry up to 25 kg
- SlimTank: space-saving water tank
- 90° door opening for convenience
- Vacation Mode: extra energy saving

Key Features

Fitting Type	Freestanding	Product Type	Freezer Bottom
Height	186.5 cm	Width	59.5 cm
Depth	66.3 cm	Energy Efficiency Class	A+++
Energy Efficiency Class	D	ProSmart Inverter Compressor	Yes
Cooling System Type	NeoFrost	Freezer Position	Freezer Bottom
Water Dispenser Type	Water Dispenser with Manually-filled SlimTank	Display Type	Tact (Membrane)
Colour	Prepainted Dark Inox	Noise Emission Class	C

Gross & Net Volume

Total Gross Volume	367	Total Net Volume	316 L
Total Volume (l)	316 L	Fresh Food Storage Net Volume	210 L

Total Fresh Food & Chill Compartment Volume (l)	210 L	Frozen Food Storage Net Volume	106 L
Frozen Food Storage Volume (l)	106 L		

Technologies

ProSmart Inverter Compressor	Yes	Eco Function	Yes
Vacation Mode	Yes		

Fridge Features

Fridge Shelf Type	Glass	Water Dispenser Type	Water Dispenser with Manually-filled SlimTank
CoolRoom	Yes	Number of Crispers	1
Wine / Bottle Rack	Foldable (Half-Width)	Egg Tray Capacity	6

Freezer Features

Fast Freeze	Yes	Ice-maker Type	Ice Box
Number of Freezer Drawers	3	Daily Ice-making Capacity (kg/day)	1 kg
Daily Freezing Capacity (kg/day)	6 kg	Daily Freezing Capacity (kg/day)	6 kg

Design

Water Dispenser Type	Water Dispenser with Manually-filled SlimTank	Reversible Door	Yes
SmoothFit	Yes	Inner Back Wall Material	Lexan - Inox
LED Illumination	Yes	Freezer Position	Freezer Bottom
Display Position	On Door	Display Type	Tact (Membrane)
Control Type	Electronic	Fitting Type	Freestanding
Door Handle Type	Beyond Integrated Handle – With Hotstamp	Colour	Prepainted Dark Inox

Performance & Consumption

Energy Efficiency Class	A+++	Energy Efficiency Class	D
Annual Energy Consumption 25 °C	248 kWh/year	Annual Energy Consumption (kWh/year)	198
Daily Energy Consumption at 25 °C	0.680	Daily Energy Consumption (kWh/day)	0.543
Daily Energy Consumption at 32°C (kWh/day)	0.762	Noise Level	36 dBA
Noise Level (dBA)	36 dBA	Climate Class	SN-T
Climate Class	SN-T	Voltage	220 - 240 V
Frequency	50 Hz	Noise Emission Class	C
Maximum Ambient Temperature Required for Satisfactory Operation (°C)	43	Daily Energy Consumption at 16°C (kWh/day)	0.325
Preservation Time at Power Cut (hours)	11	Total Fresh Food & Chill Compartment Volume (l)	210 L
Frozen Food Storage Volume (l)	106 L	Daily Freezing Capacity (kg/day)	6 kg

Dimensions & Weight

Height	186.5 cm	Width	59.5 cm
Depth	66.3 cm	Weight	69.3 kg
Packaged Height	193 cm	Packaged Width	64 cm
Packaged Depth	76.5 cm	Packaged Weight	72 kg

Safety

Minimum Ambient Temperature Required for Satisfactory Operation (°C)	10	Open Door Alarm	Yes
Child Lock	Yes		

HarvestFresh

Inspirisan prirodom, pokrenut svetlošću

Vitamini u voću i povrću se više ne gube u frižideru! HarvestFresh tehnologija u 3 boje oponaša 24-časovni ciklus sunca unutar posude, čuvajući vitamine duže. Ova jedinstvena tehnologija u vašem frižideru će vam omogućiti da uživate u hranljivim obrocima i zdravijem načinu života.

ProSmart Inverter Compressor

High efficiency, high durability, low noise

If your fridge is a humming, gurgling energy-hog, it's time to make the switch. Thanks to its innovative design, the ProSmart Inverter Compressor provides faster cooling with less energy and four times quieter operation than average refrigerator compressors. It adapts to temperature fluctuations quicker, keeps food fresh longer and saves on your energy bills, all at the same time.

CoolRoom

Meat, fish & dairy fresher for longer

Meat, fish, and dairy need lower temperatures to stay fresh. The CoolRoom compartment keeps these products at just above freezing temperatures and maintains optimum humidity. That way, food remains fresh and full of flavour for up to twice as long.

Led Illumination

Clear view of the inside

It can be tricky to see everything in your fridge, especially in the corners and at the back of selves. Led Illumination features chains of LED on the top of the fridge, and for every shelf on the side wall so you can see clearly throughout the cooler. It's more energy-efficient than standard lighting too.

Reversible Door

Adjustable door direction to fit your kitchen layout

Some kitchen layouts require that refrigerator doors open in one direction and not the other. Reversible Door allows door hinges to be placed on both the left and the right of the unit, so decide which way your fridge doors open. Plus, you can double your cooling capacity by placing two fridges side by side and reversing the doors of one.

Safety Glass

High-durability glass shelves

Ease your worries of putting that huge and heavy pot in the fridge with Safety Glass. Safety Glass shelves are made up of tempered glass and can carry loads of up to 25 kg. They resist cracks and scratches much better than un-treated glass, so you can store heavy items without a care.

SlimTank

Space-saving water tank

Water dispensers are a pleasant addition but the water tank subtracts from space on the door, which is not pleasant at all. SlimTank is designed to fit under a regular door rack so you don't lose any storage capacity. You can still fit two 2.5 L bottles or whatever else you like to keep on the door racks.

SmoothFit

90° door opening for convenience

Some kitchens have a challenging layout with appliances in awkward places. SmoothFit doors don't go past the side panel when opened 90 degrees, meaning the fridge can easily be positioned at the corner of a room or next to a wall without compromising ease of use. Crispers come all the way out too!

Vacation Mode

Extra energy saving

Get your fridge in the holiday spirit when you leave for vacation. Vacation Mode saves energy by shutting down the cooler section but keeping the freezer running. Frozen food will be preserved while you save on energy bills.
